Use Determination & Recommendation:

Has the use existed since November 28, 1975? ☐ Yes ☐ No ☒ Unknown

Comments: The UAA survey was conducted in September 2008 and no WBCR was observed. No interviews were conducted during this survey and no comments were received in 2008. There was evidence of SCR in the 2005 UAA when a rusted animal trap was found and photographed.

Is the evaluated use attainable? ☐ Yes ☒ No

Comments: The stream did not meet the maximum or median depth criteria for WBCR at any locations. The committee recommends that WBCR be removed since depth was not met. The committee recommends that SCR be added since previous UAA showed signs of SCR use.

**Committee Recommendation:**

- ☐ Add Use
- ☐ Retain Use
- ☒ Remove Use
- ☐ Modify Use
- ☐ Inconclusive
